

Detox Support Protocol

KEY BENEFITS

- Optimizes the gut microbiome*
- Promotes systemic detoxification*
- Supports cellular health and mitochondrial function *

PROTOCOL TIMELINE

MONTH	1	2	3	4
Jumpstart Kit				
		Para Kit		
			Detox Support Kit	

WHAT'S INCLUDED

Jumpstart Kit

The supplements in this kit support the body at the foundational level by delivering key nutrients for mitochondrial health and drainage function.* For patients or clients who are new to CellCore products, the Jumpstart Kit is an ideal starting point as it combines supplements that are gentle on the system and that properly prepare the body before promoting periods of deeper cleansing.

Para Kit

The supplements in this kit provide key herbs and nutrients to support the body's natural ability to detoxify during a full moon, including Mimosa pudica seed, amla fruit, black walnut hull, clove bud, holy basil, and neem.* These ingredients also lend increased support to digestion, the immune system, and the gut microbiome.*

Detox Support Kit

This kit is designed to optimize and support the body's natural detoxification processes and promote system balance.* It includes four of our most potent supplements for cleansing support that build upon one another: CT-Biotic, Metabolic Activator, CT-Minerals, and HM-ET Binder.

ADD-ONS

Bowel Mover

Bowel Mover is a natural digestive aid that gently promotes bowel movements, supports intestinal health, peristalsis, and proper digestive function.*

IFC

IFC supports the body's natural defenses and helps protect against everyday stressors. Eleven herbs and botanicals — including astaxanthin, blueberry, bromelain, mulberry, and wheatgrass — team up to support the body's natural detoxification processes and promote system balance.*
